1	Learning a new programming language
---	-------------------------------------

Chapter 1

Learning a new programming language

Learn C, because it is a programming language which is going to be there with you in most courses, plus the mentors only know C/C++.

You can join everybody else after completing the following:

- [Hackerrank C programming](#)
- [Solve first 20 problems from here](#)
- Let Us C : Loops backexercises
- Let Us C : Arrays backexercises
